Dear Sir,

I have seen your job post at LinkedIn.com that you need a ReactJS developer for your company.I Think I Can be the right one for you.

- 1)I have done so many big projects based on frontend reactJS.
- 2)Implemented some of them backend staff also using Express With MongoDB database.
- 3)Have Better Understanding about NEXT.JS.

I would like to do any kind of sample/test task for your company without any payment. You can accept or reject me based on the sample task proficiency.

Thanks for investing your valuable time to read this email. I have attached my resume on top so that you can know about my skills for getting better ideas. I'm eagerly waiting for your response.

Sincerely,

Md Arfan Khan
